DALLAS, TX – Wednesday, November 20, 2013 -- Today, State Representative Kenneth Sheets was joined by friends and supporters at the Dallas County Republican Party as he filed for re-election to House District 107.

“Over the course of my service in the Texas House I have worked to build a stronger economy and create job opportunities for the citizens of Texas and District 107. Unlike our leaders in Washington, I believe that the key to providing a strong and secure economy for Texas is best approached with common sense policies, limited government principles, and a focus on ensuring a pro-growth economic climate for our families and small businesses.”

During the 83rd Legislature, Representative Sheets passed legislation creating a \$300 million health and wellness development project in District 107. In addition to providing a much needed state of the art medical center, the project will bring numerous jobs to the area. The 60-acre mixed-use development will feature a community center, walking trails, and space tailored to medical education programs.

Representative Kenneth Sheets is a Marine Corps veteran who served honorably in the Iraq War. He and his wife, Michele, reside in East Dallas with their two children. He is a member of the House Committee on Insurance, the Committee on Homeland Security and Public Safety, and the Local & Consent Calendars.
